Professional Experience

Vinculum Solutions Pvt Ltd *(Software Developer)*

Jan-2023 - present

- Developed and redesigned latest web applications using HTML, CSS, JavaScript, and React, resulting in a 20 percent improvement in user engagement
- Reduced page load time by 3 seconds (40 percent), resulting in a significant improvement in user experience and a 15 percent increase in website conversions
- Pioneered 5+ reusable React components that established a consistent codebase, improving maintainability for the entire development team.

Akash Technolabs *(Web Developer Intern)*

April-2021 - Sept-2021

- Contributed to 3+ web development projects, gaining valuable experience in PHP development, as well as honing my skills in HTML, CSS, and JavaScript
- Collaborated in testing and debugging phase of projects, where I created 30+ comprehensive test cases covering critical functionalities of the web application, resulting in a 10 percent reduction in bug detection time during the development process.
